Kekionga staff spent much time

Suppose someone asked you what the principal of Kekionga does. What would you say? Mr. Stebbe is a very important part of our school. A good definition of his job would be as follows: responsible for organization, administration, and supervision of all personnel and activities involved with our school. Our Head Warrior not only kept our school going but was always ready to help any warrior in need.

Mr. Duff was our new assistant principal and a very appreciated part of our staff. He did his best to keep the students in order and a day just wasn't a day without seeing Mr. Duff.

Kekionga was glad to have Mr. Stebbe and Mr. Duff at the head of the school.

Mr. Robert Stebbe greets warriors as they start a new day.

The student body was proud to welcome Mrs. Romona Lavender, guidance counselor, to the Kekionga Staff.

SECRETARIES: Mrs. Hursh, Mrs. Roof, and Mrs. Goldman.

helping students and keeping

Mr. Edward Innis takes time from his busy schedule to pose for the photographers. Mr. Innis helped many students this school year.

The office helped many students with their needs.

Did you ever have a problem at school? If you have, then you probably know that Mr. Innis and Mrs. Lavender are the people to see. They both patiently listened to problems and often they were solved by helpful advice. Our counselors, besides talking with students, were also busy with changing schedules, helping teachers, and programming students. Mrs. Lavender was new to our staff this year and was a very helpful addition. Mr. Innis has been at Kekionga for four years and has helped the school greatly.

Mr. Innis and Mrs. Lavender were very helpful this year and we look forward to seeing them next year.

the school clean and neat

Mrs. Kilpatrick, school nurse, helps Robin Masters.

KEKIONGA CUSTODIANS: (Left to Right): Mr. Robert Mossburg, Mr. Luz Perez, Mr. Basil Bell, Mrs. Morgan, and Mr. Warble Robbins.

Though they may not seem like it, the cooks who make our lunch are an important part of our staff. When the menu is received from downtown, the manager Mrs. Dennis, starts work with the other cooks and by noon the lunch is prepared. Students and teachers enjoy the delicious and nourishing lunch they make for us.

Our school wouldn't be very clean if we didn't have the efficient custodians that we do have. They work hard to keep our halls and classrooms clean. They clean the drinking fountains and restrooms daily.

They are also here to clean up the lunchroom after we eat. We owe many thanks to the custodians for giving us a clean, neat school.

Mrs. Young and Mrs. Byrd worked hard to keep the lunchroom in order and enjoyable.

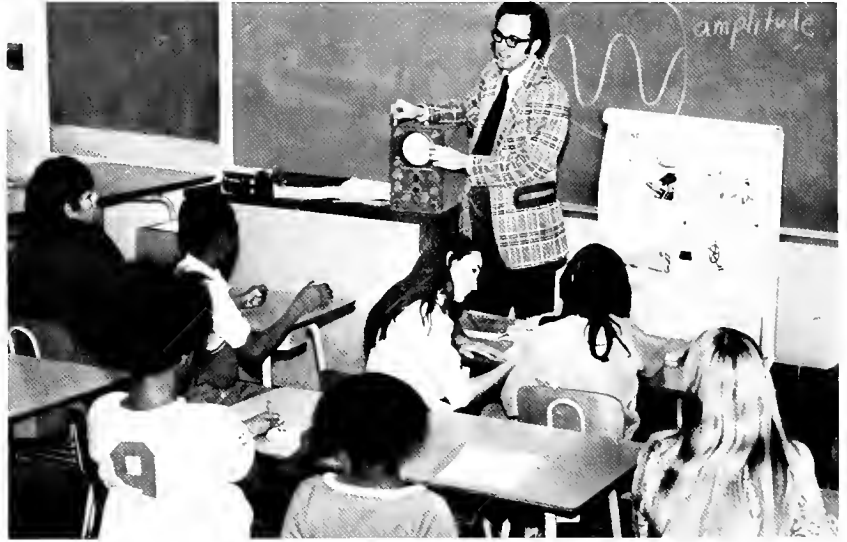

COOKS: (Left to Right): Mrs. Marilyn Gunkle, Mrs. Mary Elkins, Mrs. Dorothy Gillette, Mrs. Dorellyn Grodian, Mrs. Evelyn Dennis.

Here in Mr. Youngs 8th grade Science class an experiment is going on. Let's hope the school doesn't blow up.

Ninth grade students this year took both biology and health. The ninth grade biology and health teachers are Miss Glendening, Mr. Billian, Mr. Lippe, and Mr. White. Some topics discussed in health were body functions, drugs, and the last twelve weeks were spent in drivers training.

Most students thought the most interesting part of ninth grade biology was dissection, even though most of the girls felt like fainting.

The eighth science teachers are Mr. Billian, Mr. Lippe, Mr. Young, and Mr. Schwartz. The eighth graders stud-

ied atoms, molecules, and chemistry. They also learned about astronomy and the earth and its layers.

In their first year at Kekionga, seventh graders learned about matter. They studied crystals and grew a crystal garden. They also learned about atoms, energy, and force. The seventh grade science teachers are Mr. Lippe, Miss Glendening, Mr. Billian, and Mr. Schwartz.

Some of Mr. Billian's ninth grade special biology students dissect a frog.

The Warriors' gait is increased

Here in Mr. Dick's room are some of the ninth grade boys learning fundamentals of algebra. But where are the girls? Aren't they learning?

At Kekiong Junior High School, there are five teachers in the math department. They are Mr. Dick, Mrs. Roberts, Mr. Heckman, Mr. Lowe, and Mr. Drabenstott.

The three different subjects are algebra, fundamentals of algebra, and general math. Algebra only takes one year to get through, and fundamentals takes two years, ninth and tenth grade. The Math Lab is a great help to the teachers. The students just go on in and do some math games. But there is one thing . . . please be quiet!!! shhh . . .

students while the years roll on

Most students would testify that English "ain't no fun 'tall!" but Kekionga language teachers, be it Spanish or English, seem to have found ways to make it "interesting indeed." Students can walk into an English class and expect something more than the dull throb of Noun-Verb-Noun sentences banging in their ears.

Yes, Kekionga teachers are keeping pace; so hang in there Warriors!

Practical courses swing along

Home Economics students learn various skills to help them in later years. Cooking may help them win the right guy. Then again these girls may have to go on diets to lose the pounds that the delicious cooking has put on.

Sewing will help the girls to beat the high cost of living. With their skill and help from Mrs. Diehl, the girls turn out some pretty heavy outfits. Typing students learn a skill that will prove worthwhile later. The students learn the basic keyboard and various ways to set letters and reports on the typewriter.

General business students learn what the world of business is about. They study the different types of business and learn the fundamentals of managing a business.

Nothing like giving the fingers some exercise. Students can do this in typing class. The classes are taught by Mr. Smith and Mr. Mathias.

Students learn how to manage and enjoy a business in Mr. Mathias's general business class.

Carmetta Walker, Vicky Brooks, Ann Filchak, Ginny Carney, and Tammy Holman work on various steps of sewing under the supervision of Mrs. Diehl.

P.E. classes keep physically fit with daily exercise. Miss Johnson teaches the girls creative dancing and gymnastics, while the guys enjoy an all-out game of basketball, supervised by Mr. White.

Under Coach White's guidance, the Varsity Football team proved they were a winning squad by posting a 3-3 regular season record this year. Although the team was sometimes plagued with injuries, they overcame their loss with spirit and tougher play. The Warriors closed the season with a resounding victory over Shawnee in the cross-over game. The game also enabled Curtis Paschall to take city scoring honors as he scored 50 pts. for the season.

Mr. Welford coached the Reserve Football team this year. During the course of the season, the guys faced both victory and defeat and took each with Warrior pride and spirit. The highlight of the season came when we played Fairfield and won 22-0. It was a hard fought battle where the guys put it all together.

Mr. Schwartz coached the 7th grade football team this year. This marked the first time they played as an organized team. Thus, they spent most of the season learning basic techniques and plays. Although the team never celebrated victory, they still fought on with grim determination. Never was found a hanging head, as the spirit of the Kekionga squad was always high.

The 7th grade basketball team had a fantastic year, (undefeated until the last game) behind the coaching of Mr. White. The boys put newly learned skills together to produce a winning squad in their first year as a team.

Runners find their place in city

This year's cross-country teams consisted of the varsity and 7th and 8th grade squads combined. Behind Mr. Smith, who coached both teams, the guys strived for speed and endurance. The runners proved their ability when they entered the All-City meet for the championship. The 9th grade placed 3rd, while the reserves came 6th.

Brett Knuth places 4th in the city.

Kekionga offered a new sport this year: wrestling. Until now it was never offered because there was no coach. But this year's squad had three coaches from Elmhurst — Mr. Horn, Mr. Lambert, Mr. Welborn. The team participated in six meets, winning four — Jefferson Ben Geyer, Blackhawk, and Franklin; and losing — Portage, Shawnee.

Young is victorious again as he pins Jefferson opponent.

Stiffler attempts to break his own school record during practice.

Heckley overwhelms his foe by pinning him at Jefferson.

This year's track and field team upheld the Kekionga name in the triangular meets and the city relays. The season opened at Elmhurst when we hosted the Kekionga Relays. All Fort Wayne junior high schools were represented in the meet. This year's team consisted of both sexes.

This year Kekionga's girls sports, which consisted of volleyball, and basketball, came through and showed Kekionga's great athletic ability.

Girls volleyball was coached by Miss Glendening and Miss Johnson. The nine chosen girls put up a good fight in all five games but, as close as they were, the Mighty Warriors failed to come out on top.

The girls' basketball team was coached by Miss Johnson. Many ninth grade girls tried hard to make this team but only the twelve best were chosen.

Student co-operation and good representation were the best qualities of this year's student council. Respect for other members and choosing the right time for meetings made it possible for the student council to set occasions for a given date. Special privileges and refreshments made the school year easier and a lot more fun. By asking the opinions of the students and getting suggestions from them, they were able to represent the student body to the best of their ability.

A talent show and ninth grade graduation party were also some of the successive occasions brought about by the student council's "together" effort. Ninth grade council members led the way and showed the eighth and seventh grade members how the student participation in school affairs should be done. In years to come Kekionga Junior High will benefit from their example.

Mrs. Robbins was again assisted greatly this year by her efficient student librarians. They were kept busy by checking out books, finding maga-

zines, and filling out overdue slips. Without these students the library would not be what it is today.

Fine Arts keeps pace with time

The Art Club headed by Miss Hills, learned many skills from paintings to ceramics. The students are taught many advanced projects in art. They are very skilled in their work and make few mistakes. The purpose is to let students do projects they do not have time for in class.

Mr. Hagan became the new Wyandottes director this year. The Christmas play, "All is Calm" and the spring play, "Great Smokies" were both very successful. The club puts together their own scenes and must stay after and come early to school several times a week to practice for the performance.

ART CLUB: FIRST ROW: M. Slagle, E. Pierce, C. Shaw, J. LaPan. SECOND ROW: Miss Hills, P. Lee, J. Toor, L. Scott, D. Hitchcock, S. Collett, D. Costner, T. Whittenberger.

WYANDOTTES: FRONT ROW: E. Pierce, D. Pamin, D. Costner, T. Tinney. BACK ROW: J. Nelson, Mr. Hagan, D. Slagle, P. Lee, C. Slagle, P. Arnold.

Another Bobby Fischer is born?

Under the supervision of Mr. Dick and Mr. Heckman the math club explores deeper skills of mathematics such as three dimensional "tic-tac-toe," monopoly, cubic French Solitaire and other math games. The math club is in its second successful year and has hopes for many more.

Mr. Billian, sponsor of the chess and checkers club, teaches many techniques of chess and checkers. The group meets after school and challenge each other to play the games. Many skills have been observed throughout the school year from Mr. Billian and other members of the club. Mr. Young also participates in the club.

Mr. Dick and Mr. Heckman both showed much interest in this year's Math Club.

CHESS AND CHECKERS: LEFT SIDE STANDING: S. Bernhart, R. Girod, J. Whitton, Mr. Billian. LEFT SIDE SEATED: T. Stephens, M. Denman, K. Roberts, B. Klug, G. Ashleman. RIGHT SIDE SEATED: B. Johnson, K. Weigner, C. Brockmeyer, J. Weigner, S. Botas.

Judo learns skills of defense

JUDO: FLOOR: D. Stein, J. Emmons. FIRST ROW: R. McDonald, J. Kramer, M. Mullen, B. Panyard, K. Davies, D. Hart. SECOND ROW: B. Harter, S. Frank, M. Huddleson, M. McCombs, S. Perez, S. Hutner, J. Glendening, A. Lehner, Mr. Wolford.

Mr. Lippe helps Bobby Jackson save for his future by investing in school banking.

Among the many clubs and activities at Kekionga is judo sponsored by Mr. Wolford. Students are taught judo in more of a sport, rather than a means of self-defense. Along with the different throws, students learn the Japanese names connected with judo and the origin behind them.

Mr. Lippe supervised as students saved for their future in this year's banking club. Besides saving their money, students also learn the importance of having money to fall back on. Mr. Lippe shows great interest in the prospect of a growing fortune, thus proving saving money is never a boring job.

This year Publications was conducted differently. The eighth grade English teachers recommended several students from each of their classes whom they thought could write articles well enough to write for the Arrowhead and the Tomahawk. The students must have A and B averages in English to be enrolled. The students were busy all year with the Arrowhead and two months striving for deadline at the end of February for the Tomahawk. Donna Munroe and Bob Bracht were in charge of the newspaper while Richard Sutorius working with Miss Strahm organized the lazy ninth graders into the "Fastest Freshmen on Two Legs."

A-V Club finds fun in films

A.V. CLUB: FRONT ROW: B. Klug, D. Volkart. BACK ROW: C. Follis, L. Scott, D. Hitchcock, P. Lee, J. Whitton, J. Robinson, K. Johnson, C. Brockmeyer, B. Wolfe, S. Bernhart, B. Neimeyer, Mr. Graham.

Under Mr. Graham's supervision the audiovisual club learned the basics of running the film projectors and the video tape machine. A few of the members taped many of the home basketball games. Those in the club were of great help to the teachers who had not yet learned the techniques of the machines.

Tearing, licking, hitting; these are a few of the sounds you will hear when the stamp and coin club gets together. Mr. Mathias heads those who are interested into deeper study of stamps and coins. The group collects their belongings together and brings them to their meetings to show them and tell what they are worth and where they got them.

STAMP AND COIN: FIRST ROW: B. Lentz, J. Robinson. SECOND ROW: C. Lee, D. Bartell, P. Shuler, K. Johnson, A. Smith, M. Lee. THIRD ROW: J. Whitton, Mr. Mathias, J. Sondag, S. Berhart, R. Girod, M. Miller, T. Post.
